

**TRAIN KILLED
SECTION HAND**

Frederick Ahlgrim, of This City, Was Crushed To Death.

COMPANIONS JUMP

Horrible Accident Occurred Near Mole's Crossing Early This Morning.

COULD HAVE ESCAPED

At 7:15 this morning the 5:55 north-bound mail train, on the North-Western road, eighty-five minutes late struck a hand car on which Frederick Ahlgrim was standing and ran over him, the entire train passing over the body before the engineer was able to bring it to a standstill. Mr. Ahlgrim, who was sixty-two years of age, and four other section hands, were on their way to work, and the approach of the train, which was not expected at that hour, was not noticed until it was almost upon them.

Time to Have Escaped
Four men jumped, and were time for Ahlgrim to have escaped, but he seemed dazed and unable to move. The accident occurred at Mole's curve, about a mile and a quarter from the city, and a telephone message was immediately sent in to the station. A switch engine and a flat car immediately started out from the station and brought the mangled remains on a cot. Death had been instantaneous.

Five members of the gang of Section thirteen, under their foreman, August Stramp, were on a hand car going north to their work. Two of them Ahlgrim being one, were facing the south and the approaching train, while the other three were looking ahead, and would not have seen its coming. For some unknown reason the approach of the train was not noticed until Stramp happened to turn his head and saw the engine. It was then coming around the curve at a slightly reduced rate of speed, and only five telegraph poles' lengths away.

Seemed Dazed
Stramp immediately yelled at the men, and stopped the car with the brake, while he and the others jumped. Ahlgrim alone remained in his place and did not heed the cries of his companions. The others attempted to pull the hand car off the track but they could not have done it without throwing Ahlgrim off in the path of the engine. All of this had happened in an instant and the engine was upon them.

Thrown Under Engine
The other men leaped back down the embankment, and at the shock of the impact Ahlgrim was thrown backwards off the car, and under the engine so that he alighted on his face, after turning a complete somersault. The train was stopped as soon as possible, but not until the last car had passed over the body, horribly bruising and battering its helpless victim. The head was laid open, and the brains scattered along the track. The hand car was almost undamaged.

Telephoned to Depot
Stramp hurried to a house near Fisher's warehouse and telephoned to the station. Several men who were at the depot jumped on a flat car which was taken by a switch engine out to the scene of the accident. The police patrol was summoned at the same time but it was decided that it would be more convenient to bring the remains back on the engine.

Accident Inexplicable
Foreman Stramp said that he could not understand how the men who were looking backward could have failed to have seen the train sooner, or why Ahlgrim did not jump. Mr. Stramp was very much affected by the accident, as were all the men who were with them. He immediately handed in a report to the railroad company detailing the accident, but placing no blame upon anyone.

An Old Railroad Man
Mr. Ahlgrim was about sixty-two years old, and had worked with the company for many years. He had been employed on this section for about six weeks, having been transferred from another division. He leaves a married daughter, who lives in this city.

Jury Adjourned
A jury was impaneled by Justice Reeder this morning, consisting of C. C. MacLennan, C. B. Conrad, Ed. Connel, A. E. Tanberg, P. Kavanagh, and Phil Doherty. The jury adjourned until nine o'clock tomorrow morning in order to give the railroad company time to secure their witnesses.

**PRESIDENT ROOSEVELT CONFERS
WITH MITCHELL ON SITUATION**

Commissioner Wright Is Present at the Meeting, Which It Is Thought Will Result Satisfactorily to All—Strikers Misunderstand the Operators' Offer.

(Special By Scripps-Mellae.)
Wilkesbarre, Oct. 15.—President Mitchell left this morning for Washington accompanied by Walter Wellman, who is supposed to represent the administration. Wellman arrived in the city last night and had a long conference with Mitchell. Later President Mitchell called a meeting of the district presidents and had a conference with them behind locked doors and then announced that he would leave for Washington immediately.

ARRIVES IN WASHINGTON AT NOON
Washington, Oct. 15.—President Mitchell of the coal strikers' union, arrived in the city at noon today and was at once driven to the White House. It is believed that he will there confer with President Roosevelt and learn the exact terms of the arbitration proposed by the operators. He will also inform the President of the miners' position in the matter and what steps must be taken in order to secure their approval of the project.

MINERS ARE DISSATISFIED WITH PLAN
Reports from the coal districts to the effect that the miners are dissatisfied with the plans and will not ratify the arbitration plan. It is thought that this is due to the fact that the operators named who they would allow to act on the board and that the trouble is due to a misapprehension among the miners as to the real situation. It is thought that President Mitchell's talk with President Roosevelt today will clear up these doubts and result in the acceptance of the proposition.

MITCHELL CONFERS WITH THE PRESIDENT.
Mitchell arrived at the White House at noon today and was immediately conducted up-stairs to the President's room. Here he met Labor Commissioner Wright, who remained for the conference between the President and Mitchell. Just as Mitchell stepped into the President's room he met Speaker Henderson coming out and was introduced to him by the President. Mitchell remained in consultation with the President and left the White House with Wright. He would not say anything regarding the meeting except that he would return at three o'clock to discuss the operators' offer and would leave for Wilkesbarre this evening.

**GREAT HILARITY
BRINGS PENALTY**

Young Men in Center Charivari Newly Married Couple—Called up Before Judge Fifield.

Frank Yeas, of the town of Center, and a number of his friends, neighbors and acquaintances were given a preliminary examination before Judge Fifield this morning in regard to the "shivaree" which was held on the occasion of his daughter's wedding. Sufficient damage was done to justify Mr. Yeas, in his estimation, in bringing a damage suit against the parties who made the trouble. Under Sheriff Cochrane went to Center on Monday to subpoena several witnesses, and they were called this morning.

According to the story told by Mr. Yeas, the trouble occurred on Saturday night. His daughter had been married to Charles Tapp that morning, and in the evening the family and a few guests, about thirty in all, were assembled in the parental home for a celebration, about one hundred and fifty young men from the surrounding country for miles around appeared on the scene with cow bells, horns and the instruments of torture used on such occasions.

Beer Or Cash
They demanded either six kegs of beer or six dollars, so Mr. Yeas said, and this he refused to give. They then began to storm the house with pumpkins, apples and other fall farm products. A stand about thirty feet by sixteen had been erected outside the house for dancing purposes and covered with canvas. The revelers tore off the canvas, and directed their missiles at anyone who dared show his head at a door.

No strong objection would have been made to this, although it was hard on the guests assembled to be obliged to forego the dance, but soon some of the bolder spirits went so far as to hurl a couple of pumpkins through a window. The damage done was considerable, according to Mr. Yeas's account, and he believes that some one should be prosecuted. It was not until after eleven o'clock that the unruly guests saw fit to depart, and allow the guests within to return to their homes unmolested, after having been robbed of an evening's pleasure.

Said They Were Innocent
A more glibless lot of individuals than the witnesses who had been subpoenaed from among the alleged disturbers of the peace, it would be hard to find. They "didn't know nothing" about it, and hadn't seen nothing," they said, however, that Yeas had promised them two kegs of beer and failed to deliver the goods.

MONDAY CLUB TO BEGIN ITS WORK

MISS KELLOGG'S FIRST LECTURE WILL BE OCTOBER 27.

BIBLE CLASS THE WEEK AFTER

Outline of the Club's Historical Work for the Year—Invitation to Women.

At the business meeting of the Monday club held Monday evening it was decided to have Miss Louise Phelps Kellogg, of Madison, begin her work with the club Monday evening, Oct. 27. Miss Kellogg is to take charge of the historical work of this society of young women and will deliver a series of twelve lectures on "The Renaissance and the Reformation." These lectures will be given every two weeks on Monday evenings. On alternate Monday evenings, Mrs. Robert C. Denison will conduct the Bible study department of the club. While her work will not begin until the Monday following Miss Kellogg's first lecture, it was voted Monday evening to ask Rev. Denison to begin this department of class work on next Monday evening by giving his promised lecture on Old Testament history at that time.

Others May Join
Members of the class are anxious that women outside the club's membership should have the privilege of enjoying the exceptional advantages offered by this year's study and have decided to throw open the doors to all women. Of course the usual membership fee will be charged and it will include the educational privilege. To further accommodate outsiders the departments will be kept separate and those who care only for the lectures need only pay the \$1 fee. The Bible study class is free to the young women except that the necessary papers for the study cost fifty cents.

The program for Miss Kellogg's lectures has been received and is very comprehensive. The following are the outlines of each of the lectures which she will give:

- Lecture Outlines**
First Lecture—Condition of Europe about the middle of the 15th century. Meaning and application of the term, Renaissance.
Second—Awakening of Italy, Communes, Commerce, Frederick II, Revival of Learning, Dante and Petrarch as precursors of the Renaissance.
Third—The five great powers of Italy—Florence, Rome, Naples, Venice and Milan. Balance of Power.
Fourth—Life of the people during the Italian Renaissance. The church and its condition.
Fifth—Art life of Italy. Relations Sixth—Savonarola. The French invasions. Downfall of Italy.
Seventh—Spread of the Renaissance into Northern Europe. Erasmus and the Humanists. Relation to the Reformation.
Eighth—German conditions. Luther.
Ninth—Calvin and the Reformation in Switzerland, France and the Netherlands.
Tenth—The Reformation in England.
Eleventh—Results and Consequences of the Reformation and the Renaissance in European politics and history.
Twelfth—Intellectual, social and religious results.

TWILIGHT CLUB'S PROGRAM IS READY

Committee of Arrangements Will Report to Club Members Next Friday Evening.

Topics for the year's work of the Twilight club have been definitely decided upon and the program has been completed. Stanley B. Smith, Thomas S. Nolan and Charles L. Fildes, the members of the committee of arrangements for the year's work, met yesterday afternoon and discussed program, subjects and the place of meeting.

Committee's Report
The report of the committee will be presented to the Twilight club at its first meeting next Friday evening at the Hotel Myers. The Committee will recommend that the club continue to meet at the Hotel Myers for the season, even though the price charged this year is higher than before, owing to the increased cost of provisions. The expense for the season for each member will be \$6 but there is no additional expense for a meeting room and the committee has not been able to secure a better figure elsewhere.

For Friday evening's meeting at which Alexander E. Matheson will be the leader, the general subject, "State and National Politics" has been subdivided into three topics on which brief addresses by members of the club will be followed by general discussions. These sub-topics are "The State Legislator," "The National Legislator," "Independence of Executive and Legislative Departments," "Trusts," "Obligation of the Party Voter;" "The General Question."

The topics selected for the balance of the monthly meetings for the year are as follows:

- November—Life Insurance.
December—Modern Religious Beliefs.
January—Does Janesville Need A Municipal League?
February—Old Age and Dependent Pensions.
March—Science night.
April—Ladies' night.

NEW OFFICERS ELECTED.

Philomathian Club Holds its Annual Business Meeting.
At the annual meeting of the Philomathian club held at the home of Mrs. Walter Helms, 213 South Main street, the following officers were elected for the coming year: Mrs. H. D. Murdoch, president; Mrs. T. O. Howe, vice president; Mrs. George Paris, secretary; Mrs. Milo Thayer, treasurer.

The club voted to join the Wisconsin First District Federation of Women's clubs and the program of the coming year's work on physical geography was discussed. At the close of the meeting delicious refreshments were served by the hostess.

PLAN BIG ENTERTAINMENT.

Splendid Program of Specialties Under Auspices of Trinity Church.
Members of Trinity church are planning for a unique vaudeville and spectacular entertainment to be given under the direction of Prof. Speedy at the Myers Grand, Wednesday and Thursday evenings, Oct. 22 and 23. Many excellent and novel features will be introduced and a larger number of people will take part than appeared in the "Kirmess" of last year.

Gale Nicholson will give one of his amusing specialties and Miss Helen Nash has consented to give the serpentine dance. Little Miss Merrill, who is said to be a dancing wonder, will appear in a fancy dance and there will be buck and wing dancing by Miss Mamie and Will Curtiss. Other features will be a wooden shoe dance by eight young ladies and gentlemen and a cowboy dance by eight young ladies and gentlemen.

GRACE CAMERON PLEASES MANY

Was Excellent Herself, But Had Very Poor Support to Help Her

At first glance there is a striking resemblance between "A Normandy Wedding," the musical comedy which was produced at the Myers Grand last evening, and "Foxy Quiller in Corsica," Harry Brown as "Papa Camplistrat" in the former, and Jerome Sykes in the title part of the other, are very like in their methods and make-up. The costumes, of the Normandy village folk and of the Corsican peasants, and the vaguely reminiscent character of the music heightening the likeness.

Miss Grace Cameron supplies the element of originality and distinctiveness which completely differentiates last night's production from anything else that has been put on the stage unless it be some of the parts which Lotta created. As the goose girl, uncouth yet charming maiden, Miss Cameron captivated an audience which seemed strangely adverse to being captivated, and which in numbers was far short of what the attraction deserved.

In the part of "Farandol" William Herbert displayed a well trained and pleasing voice, and Stephen B. French Jr., as "Muscadet" created a certain amount of laughter. The chorus was well selected, both in point of voice and personal attractiveness.

Sweet Clover.

The entertainment to be offered at the Myers Grand, Thursday, Oct. 16, will be Broadhurst & Currie's superb production of the four act comedy drama "Sweet Clover." The atmosphere of the play moves from the city to the country and both localities are faithfully represented with intelligent attention to realistic details. Some of the dialogue is almost in the nature of a short sermon, while other portions are deliciously droll in their quaintness and truth, as witness the following:

"They say them as has heart disease for forty years always lives to bury all their relations."

"Courtin' and hoss tradin' is considered alike. A man makes a better trade if he aint too impatient."

"A bally hoss always has the pleasantest expression on his face just before he begins to balk."

"Foolishness and spooniness is sometimes more sensible than sense."

"Some men has to have a day an' hour set aside for proposin' and then ten chances to one they don't propose."

"I never seen two men folks get together yet, they didn't take up some old maid and sympathize with her on not having the luck to get married."

"Makes 'em feel considerable more complacent themselves a-picturin' how destitute she is without 'em."

"They're courtin' when they're most too old for life insurance."

"They're courtin' when they're most too old for life insurance."

AN OLD SETTLER HAS PASSED AWAY

ALMERON EAGER, DIED THIS MORNING.

AT HIS HOME IN EVANSVILLE

He Was Identified with All the Leading Industries of That City.

Almeron Eager, one of Evansville's leading citizens and for forty-eight years a resident of Rock county, died this morning at four o'clock at his home in Evansville. Mr. Eager was a man of sterling worth and his loss will be deeply felt by his sorrowing friends and relatives.

Coming into the state as he did in 1851, Mr. Eager began life as farmer in the town of Union. He moved to Evansville in 1868 and since that time he has been closely identified with the welfare of the city. He has seen it grow from a country village to the proportions of a city. He has faithfully served it as town treasurer, as member of the county board and as town president. In 1900 he was elected to the legislature from the second district of Rock county and served with distinction. Aside from his political offices he was the promoter of the leading industries of the little city.

Associated with Mr. W. S. Smith, he for several years conducted a large store and for several years afterwards was one of the county's leading tobacco buyers. In 1897 he became interested in the Baker Manufacturing company and at the time of his death was the president of the company. In 1893 he was one of the promoters of the Evansville Tack company, that for several years did an extensive business in this section of the country.

Mr. Eager was married to Miss Alice Boyce, the daughter of Henry and Mary Boyce on November 26, 1866. Mrs. Eager and one daughter, Miss Gertrude survive. Mr. Eager was prominent in Union Lodge, No. 32, F. and A. M., Evansville Chapter, No. 35, R. A. M., and Janesville Commandry, No. 2, K. T.

He was a Republican and took pride in the fact that he cast his first vote for Abraham Lincoln. He has kept up his interest in political affairs and has traveled extensively throughout the United States and has visited Alaska and spent some time in touring Europe.

Mr. Eager has long been considered one of Evansville's most prominent citizens and aside from his business interests of large proportions he has many smaller interests in and about Evansville. His loss will be felt throughout the whole county and his many friends will join with his family in mourning his death. He was sixty-four years of age.

The funeral will take place on Friday at one o'clock from the residence and one thirty from the Methodist church.

IN CUPID'S BONDS

Callahan-Kuster

Miss Elizabeth Callahan and Enshlus Kuster were happily married yesterday morning, the wedding ceremony taking place at St. Patrick's church at 6:15 o'clock. The high mass was celebrated by the Rev. Father James McGinty and the ceremony was witnessed by a large company of friends and relatives and friends. The bride was attended by Miss Agnes Callahan and both of the young ladies were handsomely attired in gowns of white mull. The bride carried white roses and her maid of honor's flowers were white carnations. The groom was attended by his brother, Peter Kuster.

The ceremony was followed by an elegant wedding breakfast served at the home of the bride's mother, Mrs. J. B. Callahan, 354 School street. The home was beautifully decorated with roses, carnations and smilax. Both bride and groom are well known and highly esteemed in this city and the congratulations extended were very sincere.

Mr. and Mrs. Kuster left on the morning train for Chicago and after a brief wedding trip they will return to this city to reside.

Creeping Paralysis

On December 21, 1898, I went to S. S. Still infirmary for examination and treatment. I had tried the "medicine man," but with my multitude of ailments, had received no benefit, and I was persuaded to try osteopathy. I had suffered with lame back ever since I was 14 years old, having at that time hurt my back by heavy lifting, and of late years the pain was becoming almost unbearable. My whole right side was strangely affected by

WITH THE ATHLETES

A conference of the leading Chicago and Milwaukee Greeks will be held in the Windy City the latter part of this week, to make plans for a club to entertain visiting Greeks at the Olympian games in 1904.

Michigan hopes that its hospital list will be wiped out entirely this week. Those who have been laid up expect to be out again in a few days.

The decisive victory of Minnesota over Beloit last Saturday was too dearly bought and as a result the Gophers are badly crippled.

Beloit was not in the least downcast over the result of the game with Minnesota, but is at work this week with greater vim and snap than ever, in preparation for the Wisconsin game at Milwaukee on Saturday.

Startling stories have come to the high school eleven of the prowess of the Ft. Atkinson boys whom they are to meet on Saturday, and the local players are buckling down to hard work in preparation for the game.

King has tried another shakeup with the hope of improving the Badger backs. This time Findlay has been put in at half and Juneau at end.

Michigan is practicing some new trick and fake plays this week behind closed gates.

The back field of the Iowa state university team has again been shifted.

HE BOUGHT HIS KEY NEXT DAY

A Story Told on a New Resident of the Y. M. C. A. Build.

ing.
On a chilly night not long ago a crowd of young fellows stood on the corner by the Y. M. C. A. building and jeered an unfortunate whose room was within the locked doors of the association building through which he was trying unsuccessfully to gain entrance. He had only engaged the room that day and failed to provide himself with a key to the outside door, so that returning after ten o'clock, when the doors are locked, he was unable to gain admittance.

He pounded and rattled the door; he asked every passer-by for a key which would fit the lock; he stood and shivered while the gallery on the street corner applauded his strenuous efforts. At length, after about an hour and a half, so one of the on lookers said, another inmate of the building came along, and the unfortunate's troubles were over. His first act the next morning was to get a key.

From now until the holidays the business man should build as strong as possible for the closing months' business. The man who attempts to put all his energy into a few weeks at the end of the year will have waited too long. The man who goes along from day to day, building more and more and making every effort he can in order to have as large a volume for the year as possible, will have no reason to regret the effort or the cost. If business men pushed harder at all seasons there would be less push necessary at special seasons and the business would show a steady growth all the time.—Ad Art.

MINERS AWAITING NOTICE OF OFFER SUSPECTS UNDERHAND WORK

District President Fahy Says the Men Are Yet to Be Consulted in Regard to the Matter—Proposed Board Necessarily Biased.

Wilkesbarre, Pa., Oct. 15.—President Mitchell of the United Mine Workers still is noncommittal regarding the action to be taken on the arbitration proposition made by the coal mine operators, and the question of the settlement of the strike still is in doubt.

The district leaders, while not saying that the proposition will be rejected, do not seem favorably impressed with the plan. The whole matter, however, will be referred to the men themselves and a convention to take formal action is certain.

The mine union officials as yet have received no formal notification of the operators' proposition.

Full of Suspicion.
The sentiment throughout the mining region seems opposed to the acceptance of the operators' plan in its present form. There is a general feeling of distrust among the men. Many say they are sure some trick is concealed in the proposition and that the operators, while apparently receding from their former position, are really playing a clever game and will be the gainers if their offer is agreed in.

It is stated here on good authority President Mitchell will go to Washington to see President Roosevelt and lay before him the miners' ideas of the latest move in the anthracite strike.

Mitchell's Statement.
When told of the anxiety of the public to learn his views of the operators' proposal, President Mitchell gave out the following statement:

"I fully appreciate with what anxiety the people of this country are awaiting the end of the coal strike. The coal operators have not addressed the miners' union nor its officers in making their public statement. It is therefore impossible for me to state the attitude of the miners at this time. I am now, as I have been, deeply solicitous for the interests of the public and the welfare of the mine workers who have been on a strike for the last five months.

"A formal statement will be issued defining our position and intentions just as soon as we are in possession of the full meaning of the proposition of the operators."

Awaits a Messenger.

It is understood that President Mitchell will be apprised formally of the operators' proposition by special messenger from President Roosevelt.

Mr. Mitchell was asked if the President was expecting a reply from him, to which he replied in the negative, returning the same answer to a direct query as to whether he had any information that the operators would determine on a proffer of arbitration or had held communication with the President by either telephone or telegraph. He was also spoken to about the assumption on the part of the country in general that the strike is practically over, which was apparently reflected in Wall street.

"There has been no action on the part of the striking miners to indicate that the strike is off," was his response.

May Ask Modification.
The situation at present lies in the hands of President Mitchell, Secretary-Treasurer Wilson, and the three district presidents. It is for them to decide whether or not the notice of the operators' proposition is sufficient to call for action. It is generally believed that a counter proposition will be presented by them, or that at least

some modification of the present one will be insisted upon.

The wave of rejoicing that swept over the country at the announcement that the coal operators of the anthracite Pennsylvania mines had agreed to submit their differences with their late employees to arbitration was premature. The situation is in some respects more tense than it has been at any time since the beginning of the strike. The public, a greater sufferer than either the miners or the operators, must remain in anxious suspense just as settlement appeared in sight.

Want No Gold Bricks.
That the operators' arbitration proposition is not received with favor by either the miners or their officials is clearly indicated. None of the latter care to be quoted, but President Fahy of district 9 voiced the general sentiment when he said:

"The operators forget that the men are yet to be consulted. We are not buying gold bricks."

The personnel of the arbitration board as suggested by the operators is the chief objection. The miners say that with the single exception of the sociologist the characters of the men named are naturally, by association and education, on the side of the operators, and that their findings would be apt to be governed accordingly. The union, too, has been ignored entirely, and virtually the arbitration proposed is the same as that rejected by President Mitchell at the Washington conference of Oct. 3.

SHOOTS THREE ROBBERS DEAD

Aged Man Slips Bonds and Deals Vengeance to Burglars.

Cleveland, O., Oct. 15.—Three burglars were killed while attempting to rob three brothers on a farm near Rochester, Loraine county, thirty miles from here. The man who fired the fatal shots is 70 years of age. Six men entered the home of the Meach family, and after a struggle the three brothers, who are reported wealthy, were bound and gagged. While the robbers were ransacking the house Jarvis Meach worked out of his bonds, secured a double barreled shotgun, and opened fire. Each shot killed a man, and Meach reloaded and claimed a third victim. The other three robbers fled.

End of Pressmen's Strike.

New York, Oct. 15.—A settlement was reached of the strike of union pressmen and press feeders employed in the big job printing houses. The demands of the strikers were granted in regard to an increase of wages, but nonunion men will be retained and given an opportunity to join the union.

Dies at Depot.

Chicago, Oct. 15.—Mrs. A. Hasslin of Ross, Lake county, Indiana, died suddenly in the women's waiting room of the Union passenger station. She was returning home from Denver, where she had been receiving treatment for consumption.

Mucicaine Postoffice Site.

Washington, Oct. 15.—The secretary of the treasury has selected a site for the federal building at Muscatine, Iowa, the property at the southeast corner of Iowa and Fourth streets.

Butte, Mont., Oct. 15.—A discovery of gold was made while excavating for the federal building. A pan will show many colors to the glass.

MINNESOTA PRIMARY LAW VALID

Defeat for Party Nomination Bars Candidates from Ballot

St. Paul, Minn., Oct. 15.—The Supreme court held to be constitutional that portion of the primary election law which prohibits the placing on the official ballot at the general election the name of a candidate who has submitted himself to popular suffrage at the primary and been defeated. The case came from Scott county, where a defeated candidate for condutor filed a petition containing the necessary percentage of electors and demanded that his name go on the official ballot. His contention was that the inhibition contained in the primary law was a denial of his constitutional rights.

LAY BIG LOSSES TO FORGERY

Minneapolis Banks Said to Be Out \$40,000 on Bogus Bills.

Minneapolis, Minn., Oct. 15.—Losses aggregating \$40,000 are believed to have been sustained by Minneapolis banks through the operations of Edwin T. Blew and Thomas Armstrong, arrested on charges of forgery. They have been posing as mill feed brokers and have negotiated drafts on far-off customers, bills of lading accompanying the drafts. It is now charged that these bills of lading have been forged and in at least one case the men have admitted it. In the municipal court they waived examination and were held to await action by the grand jury.

France's Trade Grows.

Paris, Oct. 15.—The imports of France for the nine months ended with September were \$653,814,200, compared with \$653,742,000 for the same period of 1901. The exports were \$619,951,200, against \$589,690,200 in 1901.

Death of Retired Naval Officer.

Lugano, Switzerland, Oct. 15.—Chief Engineer Henry Schuyler Ross, U. S. N., who was retired three years ago, died at the Italian hospital in this city. He had a stroke of paralysis.

Youth a Matricide.

St. Joseph, Mo., Oct. 15.—William Centes, 18 years old, has been convicted of murdering his mother. Centes choked her to death in order to gain possession of her property.

ANNUAL SESSION OF STATE UNIONS

DRAFTS CONVICT LABOR BILL

Measure Proposes to Cut Off Competition in the Open Market and Provides That Prisoners Shall Make Articles for State Use Only.

East St. Louis, Ill., Oct. 15.—A bill to be presented to the next Illinois legislature doing away entirely with the letting of convict labor to contractors will be one of the most important measures to be acted upon by the Illinois State Federation of Labor, which is in twentieth annual convention here.

A text of the proposed law, cutting off competition of prison inmates with free labor, was submitted to the delegates by President Menche and will be passed upon later. It forbids the farming out of convict labor in any form, and provides that prisoners shall manufacture only articles for use in state institutions.

Plan Aid for Miners.

Aid for the striking coal miners of Pennsylvania was virtually assured when President Menche in his annual report asked that a special committee of five be appointed to recommend to the convention such action as will enable the raising of funds and other substantial assistance.

Besides the 250 delegates representing 500,000 trades' unionists in the state, many visitors were present. President Adam Menche rapped the assembly to order. Mayor M. M. Stephens welcomed the delegates and welcomed them to the freedom of the city. President A. H. Curtis of the local central trades and labor assemblies extended the hospitality of the unionists here.

Membership Increases.

After responding to the welcome President Menche read his annual report, which gave a review of the work of the year and told of the largely increased membership brought about through the efforts of special organizers. He explained the expulsion during the year of the Rev. Sheldon Harris of Dwight, vice president of the state body, and Z. T. Trumbo of Pontiac, a member of the executive board, because of their organization of the laborers' protective association, which was considered antagonistic to the American Federation of Labor.

Miss Margaret A. Haley of the Chicago Teachers' federation was given the platform to address the convention in reference to the tax question and its relation to legislation.

Plenty of Candidates.

A merry race for the presidency of the state federation is on. It may develop into a three-cornered fight. Adam Menche of Kewanee is a candidate for re-election as chief executive and is said to be strong in the state outside of Chicago. Barney Cohen of Chicago is backed by the majority of the delegation from that city. James H. Payne of the boxmakers has a boom, and if the members of the Teamsters' National union are seated, he may become a formidable candidate.

J. F. Morris of Springfield is up for re-election as secretary-treasurer, and if Chicago gets the presidency he will probably win. If Chicago fails to secure the chief office, however, James Short of the Stonecutters of that city may defeat Morris for secretary-treasurer.

Grew Is Lost.

Ostend, Oct. 15.—The steamer Piell Worm, bound for Manchester, ran down the German schooner Diana in the North Sea. It is believed the crew of the Diana were lost.

Rob Kentucky Postoffice.

Princeton, Ky., Oct. 15.—The post office at Ohara, near here, was robbed of \$100 in stamps and a small amount of money.

When a woman gives up it is because she has gone to the utmost limit of strength and endurance. It is a marvel how women will stagger on under the daily household burdens when the whole body is racked with pain.

For the nervous, run-down condition which so many women experience, as a result of overstrain in household cares, there is no medicine can equal Dr. Pierce's Golden Medical Discovery. It strengthens the weak stomach by curing diseases of the organs of digestion and nutrition. It purifies the blood of poisons which cause rheumatism and other painful diseases. It nourishes the nerves, and builds up the body with sound, healthy flesh.

There is no alcohol in "Golden Medical Discovery" and it is entirely free from opium, cocaine and all other narcotics.

Accept no substitute for the "Discovery." There is nothing "just as good" for weakness, nervousness and debility.

"I want the whole world to know what Dr. Pierce's medicines have done for me," writes Mrs. Helen Hordgrove, of Bangs, Knox Co., O. "I had many of the ills of woman's life. My lungs and throat troubled me besides, and I had rheumatism. About a year ago I had to give up work. I was so bad, I had heard so much about your medicine I thought I would try it. I took four bottles of your 'Golden Medical Discovery' and 'Pelle's,' and by the time I had taken half of the first bottle I began to gain, and kept on getting better. And now I have no more of my old ailments and am entirely cured of rheumatism. I feel like a new woman."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

Insomnia

Nerve-racked, weary and heavy-eyed, the head that seeks repose finds only ceaseless tossing and feverish unrest. Strange fancies—vague forebodings—fill the mind with harrowing thoughts until morning brings its rasping headache, irritable temper, and loss of appetite. Rest the nerves—build them up—and gentle, restful, refreshing sleep will be yours.

"My greatest trouble was sleeplessness. I was nervous and restless, and would toss and roll for hours. I had no ambition and had to abandon business. One bottle of Dr. Miles' Nervine put me on my feet again."

TRUSTS OUTGROWTH OF PROGRESS

"Trusts are the outgrowth and the inevitable outgrowth of modern progress. They are evolution, and men may talk about them as they please; they are here. They are here to conserve the public interest, if they will. They are corporations. They are servants of the law and the people. As servants they are inexpressibly useful. As monsters in any field of industry they are not to be tolerated at all, for the American people will have no masters, neither in politics or in business. They do not always come about in an unnatural way, or to stifle competition. They come about to enable a competitor to meet competition."

"Now gentlemen, do you think these so called trusts with their enormous capitalization are due to the tariff? Our democratic friends tell you so. We have had a tariff now for over sixty years, and these combinations in the main have only come within the last ten years in protected industries. A great many of them have come since 1897. The followed the overproduction and strife for business which followed the panic and paralysis of trade in the years from 1893 to 1897."

"The Standard Oil company was the strongest and the greatest, or may fairly be said to have been the leader. Did the tariff cause that, my democratic friends? You cannot say it did, because petroleum was not on the dutiable list, and never has been except we have provided a duty upon petroleum brought into this country which imposed a duty on us. That was done on high grounds of public policy."—Senator Spooner.

TRUSTS IN ALL COUNTRIES

"Another reason why I have thought that the tariff had nothing to do with it, except, perhaps, so far as it had brought in part these combinations about by the immense home competition which it had created, as we always prophesied it would, is that trusts are not peculiar to the United States. You find them in all countries today. You find them in Germany; you find them in England, which is free trade. You cannot remove the tariff to remedy trusts in a country where there is no tariff. There is danger in these combinations if they become so powerful that they absorb the industry in a country so that they are at liberty. If they choose, to fix prices as they will and become a positive menace."

"What help is there for it in this country? We cannot stop them at once. If you would have the power to stop them tomorrow, in five days from today there would not be a bank open in any city in the United States, and there would not be a factory open or a large establishment engaged in any industry. I only mean to indicate that, whatever remedy is to be sought for them must be carefully sought and intelligently applied. I have been of opinion that the laws of competition, if left to have their way, would in the end conquer them and protect the people."—Senator Spooner.

SOUND DOCTRINE

"Labor has as much right to combine as capital. Capital has as much right to combine as labor. Both must keep within the law. But, had as it is, it will pass away. There are some men who can settle it—and they must settle it. And I may say one thing here tonight, that never before within my recollection has a president of the United States, not speaking for the employees, not speaking for the operators—he had no right to do either—but speaking for the people of the United States, done so much to compose a difference and protect the people."

Senator Spooner's Milwaukee speech was full of good hard common sense. The paragraph quoted above, pays a choice compliment to President Roosevelt, and also states a great truth concerning the rights of both capital and labor. The rights of American citizenship, under the law, are so broad and liberal that the nation is free in fact as in theory, but when these rights are abused either by capital or labor, it is time to call a halt.

While Senator Spooner was speaking a conference was being held in Washington, that resulted in the settlement of the coal strike, and work will speedily be resumed. The president is entitled to the gratitude of the people for the part he has taken in a question that had become a menace to public welfare.

Chicago has a teachers' union, a messenger boy union and now it has a book agents' union. Truly Chicago's motto "I Will" comes to the front these days. But the thought comes. Suppose this book agents' union goes on a strike. What a blessing. Can not the walking delegate or the book agents' union get up some such a thing?

MRS. QUARLES AN HONORED GUEST

AT DAUGHTERS OF AMERICAN REVOLUTION MEETING

HELD WITH MRS. FETHERS

Society of Patriotic Women Begin Season's Work—Entertained by Their Regent.

Mrs. J. V. Quarles, of Milwaukee, wife of Wisconsin's junior senator, and one of the vice president generals of the National Society of the Daughters of the American Revolution, was the guest of honor at the meeting of the Janesville Chapter, D. A. R. The meeting was the first one of the year and was held at the home of the regent, Mrs. O. H. Fethers, 51 St. Lawrence place, by whom Mrs. Quarles is being entertained.

The early afternoon was devoted to routine business, the meeting opening with the singing of "America." Twenty-five ladies were present to enjoy the occasion. The reports of the officers and committees were received with the original and witty report of Mrs. M. G. Jeffris, chairman of the program committee, occasioned a great deal of amusement. Notice was also given that the state conference of Daughters which meets every December will be entertained this year by the Fond du Lac chapter. Janesville chapter will be represented by its regent, Mrs. Fethers, and one delegate, whom Mrs. Fethers will appoint.

Story of Two Flags
After the business meeting Mrs. Fethers entertained the ladies charmingly, a three course luncheon being served at six o'clock. The spacious parlors of the home were beautifully decorated, the national colors predominating. In the archway between the back parlor and the dining room, a silk Hawaiian flag was draped with the stars and stripes and the decorative effect found additional charm in the sentiment connected with the two flags. The Hawaiian flag was presented to Mr. Fethers last winter when he and his wife visited Hawaii. At that time Mr. Fethers remitted the donors that whenever they had occasion to use the American flag the Hawaiian colors should be displayed with the stars and stripes. After ample justice had been done the dainty viands, the lady called on each lady present to respond with a sentiment or quotation concerning the national emblem. This was an appropriate and very pleasing feature of the occasion.

The ladies then had the pleasure of listening to Mrs. Quarles, who spoke in an interesting manner of Continental Hall, the home which the Daughters are building in Washington for their national society. Ground for the hall was broken last Saturday, Oct. 11, prominent Daughters in attendance at the twelfth annual meeting of the national society, each of them taking up a few shovelfuls of dirt. The spade used was of gold and silver, studded with white and blue sapphires and was presented to the president of the Montana state society. Mrs. Quarles stated that the site is already paid for and that work on the building, which is to cost between \$250,000 and \$300,000, will be begun at once.

GO TO SEE CLINICS
Several local physicians have gone to Chicago this week, or are planning to go, in order to witness a clinic by Dr. Lorenz, the Vienna surgeon, who operated last Sunday successfully upon Lolita Armour, the young daughter of Ogden Armour of Chicago. The celebrated surgeon is the originator of a bloodless operation for the cure of congenital dislocation of the hip.

Dr. Lorenz will undertake several operations of that kind this week in the interest of science, using as his subjects poor patients at the public hospitals. Today he is operating at the Mercy Hospital and Dr. Farnsworth of this city is in attendance. Dr. Barry will go to the Windy City later this week to witness a clinic at the Cook County hospital, and others will also be in attendance.

DOINGS AT COURT HOUSE
Wednesday afternoon a license to marry was issued by County Clerk F. P. Starr to John S. Gray of Cleveland, O., and Florence A. Serviss of Batavia, Ill.; and to A. H. Beam of Okarche, Oklahoma, and Minnie E. Lawson, of this city.

Papers were filed with the Register of Deeds this afternoon, transferring the east 108 feet of lot 1, in block 7, Palmer & Sutherland's addition, to the First Methodist Episcopal church. The lot already has a residence built upon it, which will be occupied as a parsonage for the church. The property, the purchase of which has been completed for some time, but which has just been transferred, is located on the corner of Center and Academy streets.

A Fine Exhibition
Another large audience attended the exhibition given by Conover & Smith's glass blowers yesterday at 62 W. Milwaukee street. It is really marvelous how these wonderful artists manipulate ordinary glass into all kinds of handsome ornaments which are given away to their patrons. They will remain here all the week giving exhibitions every afternoon from 2 to 5 and 7 to 9:30 at night. The admission is only 10 cents and every visitor receives a souvenir.

Money Well Invested
Special attention is called to the Y. M. C. A. entertainment course, representing thirty-two artists, six numbers—\$1.00. Course opens Tuesday, Oct. 21. Tickets on sale at Peoples' Drug Co., Smith's Pharmacy, W. T. Shearer, King's Pharmacy, J. H. Jones' Grocery, J. Sutherland & Sons, W. J. Skelly's Book Store. The best course ever offered by the Y. M. C. A. Six attractions for \$1.00. Single admission 35c.

VETERANS HOLD ANNUAL REUNION

Members of Thirteenth Regiment Meet in City Where They Were Mustered Into Service.

Members of the Thirteenth Regiment, Wisconsin Volunteers, held their annual reunion in this city today. Over sixty veterans of the regiment, mustered out of the service thirty-seven years ago, registered on the roll of the organization and met their old comrades. A number came into the city last night and the life and drum corps met each train during the day to welcome the late arrivals.

Dinner Served
In the morning the time was passed in shaking hands and exchanging anecdotes of the earlier days. A column was formed at the depot at about 10:30 and marched to the court house where the headquarters were made.

At noon a bountiful dinner was served under the auspices of the local Woman's Relief Corps. The tables were spread in the hall of the Ziegler building just outside the rooms of the Grand Army Post and of the Relief Corps.

Afternoon Meeting

At two o'clock the veterans assembled in the court house and an informal meeting was held. No program was outlined before the session began, but one and another of the men was called upon to express his sentiments on the occasion. One of those who were asked to contribute to the enjoyment of the gathering by their short addresses and impromptu speeches, was Col. W. P. Lyon of Madison and Mayor W. A. Wyse of Reedsburg was another. Many others spoke briefly and to the point in expressing their pleasure at being able to attend another of these reunions in the city where they were mustered into the service.

Election Of Officers

President Albert Salisbury of the Whitewater normal school presided as president of the organization, and Willis B. Clark of Milton took the secretary's table. In the afternoon an election of officers for the coming year was held to succeed those who are now serving.

Reunion Adjourned
At about four o'clock the sessions closed and the regiment dispersed to meet again next year. The entire gathering was of the most informal character possible, not even, the committee in charge of the reunion knowing what the program would be for the afternoon.

MANY LISTEN TO SAD LIFE STORY

ELOQUENT ADDRESS BY ROBERT CLARK, A GIDEON.

GIVEN AT BAPTIST CHURCH

Audience Was Deeply Impressed—Will Speak at the First M. E. Church Tonight.

Robert Clark, of Indianapolis, who came to this city to attend the annual meeting of the Gideons, and who is the guest of Mr. and Mrs. J. H. Nicholson, addressed a large audience at the Baptist church last evening. It was a distinctively a religious service and Rev. R. M. Vaughan, pastor of the church, presided. Rev. Warner, pastor of the First M. E. church, invoked the divine blessing, and Miss Rose Hathorn played the piano accompaniment for the congregational singing.

The speaker of the evening was introduced by J. H. Nicholson, national secretary of the Gideon order, who said that the Gideons knew Mr. Clark only as "Our Bob." Mr. Clark then followed with his address "Life on the Ocean Wave." After a brief introductory he sang a gospel selection and he followed his address with another song, both vocal numbers being very pleasing.

Never Went To School

Mr. Clark is a Yorkshire man and by the standard of the English grammar he is uneducated, dropping his h's where they belong and making up for it by putting them in where they are not required. In the deep experiences of life, however, his education has been complete and in spite of grammatical deficiencies he has the power to hold an audience spell bound.

Pathetic Life Story

Mr. Clark never saw the inside of a school house as a boy. He learned the alphabet out of the Bible, the first chapter of John, and he was twenty years old before he could write his own name. His address of last evening gave fleeting glimpses of his life's story, a story in which pathos was the predominant feature. Left an orphan when an infant he was kicked and cuffed about the docks of Liverpool until he was finally by chance taken on board an English warship, this being the way that England takes care of her healthy orphans. He was the youngest of fourteen children and now he does not know of a single living relative except his own wife and child. Eight of his brothers and one sister were massacred in the Sepoy rebellion in India.

Horrible Deaths

The horror of this rebellion was not dwelt upon, but Mr. Clark told how his brothers and their wives were lashed to guns and blown at each other, and his sister and her children were buried alive in a dry well with others under heaps of stones after the surrender. History tells that for hours the stones moved with the struggling humanity beneath.

Dramatic Scenes

One of the most dramatic features of the address was the description of the storm at sea and one of the most touching incidents told was that of the friendship of "Teddy," the sailor boy, through whose influence Mr. Clark was converted, the surrender being made while he was on the mast head. Grateful mention was also made of the missionary for whom Mr. Clark's daughter Esther is named and of Lord Roberts, who was then general of India and who found Mr. Clark then a boy, despairing on the spot where his brothers and sisters had died. The general had put his arm around the boy and said "Cheer up, laddie, there are brighter days coming."

Audience Is Impressed

In all of the incidents of the address comparison was made with the Christian life and Mr. Clark made a most earnest appeal to the people to walk in the right way. There were but few dry eyes in the audience during the address which made an unusually deep impression on those who heard it.

To Speak Tonight

This evening Mr. Clark will speak at the First M. E. church telling of the Salvation Army as he knew it in India under Booth-Tucker. Mr. Clark will remain in this city until Friday when he goes to Chicago to speak.

WHAT PEOPLE ARE DOING

Bakery Is Begun: Work on the Benson & Lane bakery was commenced yesterday and Blair & Summers, the contractors will rush the work as rapidly as possible so as to take advantage of the good weather.

For Strikers' Benefit: On Wednesday evening, Oct. 22, the Trades Council of this city will give a dance for the benefit of the strikers in the anthracite coal fields. A committee of business men and one from the council will have charge of the affair and all services for the dance will be donated. The generous offer of Baldwin & Rehfeld's orchestra to furnish the music for the dance has been accepted.

Ushers and Choir Feasted: Rev. Father W. A. Goebel, entertained the ushers and the members of the choir of St. Mary's church right royally at St. Mary's hall on Monday evening. Several hours were pleasantly spent with games of various kinds and an elegant supper was served.

Cost Of Bridge: Repairs which have recently been completed on the Milwaukee street bridge cost the city in the neighborhood of \$3,500. Contractor Cullen's bill for labor was \$1,475.46 and the balance of the total sum is for material used. The repairs made were so extensive that the bridge is practically a new one and will last for many years.

Stays for Wedding: Rev. J. T. Henderson, who was to have led a devotional service at the annual meeting of the synod of the Presbyterian church at Wausau, has been unexpectedly prevented from leaving the city at this time. He hopes to be

able to attend the closing days of the conference, but his plans are not yet finally made. Rev. T. T. Cresswell and W. F. Brown of Beloit were both in the city for a short time this morning on their way to the meeting which opens tonight, and Mr. Henderson endeavored to induce one of them to take his place. It was finally decided to leave the appointment of a substitute to the committee in charge of the program.

In Justice Court: In Justice Reed's court this morning the case of Dennis Casey against Thomas Doran was held over for a hearing until two o'clock this afternoon. The parties in the suit of William Fathers against Frank McDermott came to an agreement out of court and the case was dismissed.

"Deestrick Skule" Pupils Meet: Those who have been requested to take part in the "Deestrick Skule" entertainment, to be given under the auspices of the Woman's Auxiliary to the Y. M. C. A. are urged to attend a meeting at the Association building tomorrow evening at 8:30 o'clock.

Do Not Want to Enlist: Although the majority of men who have been enlisting in this city were from Beloit, Private Blake did not meet with good success when attempting to secure men in that city. During the three or four days when he was there five men applied to be taken as recruits but all were lacking in some one or more of the physical requirements. The principle difficulty which he experienced was that the desirable men who are employed there are receiving such high wages that they do not consider it profitable to leave their present situations.

Pleasantly Surprised: Mrs. C. H. Smith, of Oak Lawn, was the victim of a pleasant surprise, perpetrated on her this noon, by the ladies of W. H. Sargent W. R. C., No. 21. After serving the veterans, who are in attendance at the Thirteenth Wisconsin regimental reunion, the ladies enjoyed dinner together and Mrs. P. A. McGuire, who is soon to leave for California, presented Mrs. Smith with a silver spoon as a token of the Corps' appreciation of Mrs. Smith's many kindnesses to the Corps. Not being a member of the organization, these services are more deeply appreciated and this fact makes the gift especially precious to Mrs. Smith. It is engraved with her name on the front of the handle and with the letters W. R. C. and the date on the back.

JAMES FATHERS IS REMEMBERED

ODD FELLOWS OF THE STATE SEND GREETINGS.

"JIM" IS MISSED AT BARABOO

Many of the Local Delegation Returned Home, Proud and Happy, This Morning.

Although James A. Fathers was unable on account of illness to attend the annual meeting of the Grand Encampment of Independent Order of Odd Fellows, which closed its session at Baraboo this afternoon, he was not forgotten by his associates in the order, nor was he permitted to forget them.

Mr. Fathers is the grand treasurer for Wisconsin and he also holds many other prominent positions in Odd Fellow circles. There is probably no more popular, more widely known or more highly esteemed Odd Fellow in the state and he has been the recipient of many honors from the order. It is safe to say, however, that none of them pleased him more than the one which came to his sick bed yesterday, reminding him of the remembrance of those with whom he had expected to meet.

Message of Regard
The message which came to Mr. Fathers by telegraph was as follows: "The Grand Encampment of Wisconsin, hearing of your illness and consequent inability to be present at its session, sends you this testimonial of its regards and assures you that the pleasure of the members would be doubled if only 'Jim' were here."

The message is signed by George W. Thwaites, E. J. Dugdale, Oscar Smith and L. O. Holmes, the grand scribe and members of the committee representing the Grand encampment.

Many Are Home
The majority of the Odd Fellows who went to Baraboo to take part in the competitive drill of the Cantons yesterday, returned home early this morning. J. F. Hutchinson, grand chief patriarch, and the local lodge representatives will return this evening.

Honors For Local Team
By an alteration in the judges' markings, the drill team of Canton Janesville, No. 9, Patriarchs Militant, which walked off so easily with the first honors, was given a percentage of 87 1/2, instead of 80, as was at first given. The team was also highly complimented by the reviewing officers and by all who saw the excellent showing made. Great credit was given the commanding officers and the local Canton certainly has reason to be proud of the manner in which it was represented at Baraboo.

Entertained Royally

The gentlemen who have returned are delighted with the royal manner in which they were entertained by the Odd Fellow and Rebekah lodges of Baraboo. A splendid entertainment was given last evening in honor of the visitors and a grand ball and supper followed. Johnny Smith's orchestra, of this city, furnished the music, winning for Janesville additional honors. Most of the delegation which came home this morning, danced until three o'clock, going almost directly from the dance hall to the depot to take the train home.

Mrs. W. L. Stoddard and Mrs. Albert Hanson are among the carnival visitors at Madison.

COURT DECIDES PLUS FUND CASE

ALSO AN ANNUITY OF \$43,000

International Tribunal Finds Against President Diaz's Government in All Points in Controversy—Senor Pardo Says Award Will Be Accepted.

The Hague, Oct. 15.—The international court of arbitration has decided the Plus fund controversy in favor of the United States and adjudged that Mexico shall pay to the United States \$1,420,682.67 in Mexican currency, and from February 2, 1903, and on the same date each year thereafter forever the sum of \$43,050.99 in Mexican money.

The decision was handed down by the court is as follows:

"First—That the claim of the United States in behalf of the archbishop of San Francisco is governed by the principle of res judicata in virtue of the arbitration decision pronounced by Sir Edward Thornton on November 11, 1875, and amended by Sir Edward Thornton October 24, 1876.

Fixes Payments.
"Second—That in conformity with this decision the government of the United States of Mexico should pay the government of the United States \$1,420,682.67 in money of the legal currency of Mexico, within the period fixed by article 10 of the protocol of Washington. This sum will cover the total payment of annuities due from and unpaid by the government of the Mexico republic—namely, the annual payment of \$43,050.99 in Mexican currency from February 2, 1869, to February 2, 1902.

"Third—The government of the United States of Mexico will pay to the government of the United States on February 2, 1903, and every following year for the same date forever, an annual payment of \$43,050.99 of money of the legal currency of Mexico."

No Mistake Made.

The decision of the tribunal was read by Secretary General Ruyssenaers in the presence of the members of the diplomatic corps, their wives and the representatives of the litigants.

Dr. Matzen, president of the court, who declared that a revision of the sentence was only possible in the event of new facts coming to light, thanked the representatives of the United States and of Mexico for their assistance in enlightening the arbitrators. He added that while no single judge was infallible the unanimity of the arbitrators who had so closely examined the whole question at issue was a guarantee that no mistake had been made.

Mexico Will Accept.
President Matzen concluded with expressing the best wishes for the health of Queen Wilhelmina and the prosperity of her people who had welcomed the members of the court so cordially.

Mr. Ralston of Washington, one of the lawyers in the case, and Senor Pardo, in behalf of Mexico, thanked the court for the care it had given to the case. Senor Pardo declared he was sure that so soon as his government learned of the court's award it would accept it. He must, however, reserve for his government the right to avail itself of the provisions of the protocol.

History of Case.
The Plus fund was established in 1697 for the support of Roman Catholic missions in the Californias and the gift placed in trust with the California Jesuits.

In 1767 the Spanish crown expelled the Jesuits from Mexico and California and turned the fund over to a commission, which was later replaced by the Mexican government.

When Upper California was ceded to the United States Mexico ceased paying to the California churches their share of the fund.

In 1869 a mixed commission took up the case and Sir Edward Thornton was chosen umpire. His decision awarded the United States \$43,080 for twenty-one years from 1848 to 1869, which amounted in all to \$90,700. This amount Mexico paid, and again thereafter ceased payments.

FURNISHES DRUG TO CONVICTS

Carpenter at Nebraska Penitentiary Charged With Providing Opium.

Lincoln, Neb., Oct. 15.—Harry A. Harris, carpenter at the state penitentiary, was arrested on a charge of smuggling opium to the prisoners. The practice evidently has been going on for a long time. The convicts were occasionally stupefied and the prison officials could not account for their condition. The drug was found in the possession of many of the convicts and after an investigation by Governor Savage Harris was placed in custody.

following praise on Wine of Cardui:

"Among the numerous medicines placed before suffering women for their relief none can touch McElree's Wine of Cardui. It towers above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in this medicine for the past two years, since it brought health and strength to me. I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."

If you are suffering from female weakness Wine of Cardui is the medicine you need.

You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the complete directions given on the bottle, address The Ladies' Advisory Department, Chattanooga Med. Co., Chattanooga, Tenn.

LIKE A CURSE REMOVED

Awful skin disease of this woman cured in a few weeks after fifteen years' terrible affliction.

Note the ghastly despair in the photo taken before treatment.

(Case of Mrs. J. M. Daniels of Winchester, Ky.—completely cured by D. D. D. after 7 weeks' application. She had suffered fifteen years.)

See the same features—but note how different when brightened with hope and happiness, after her freedom from it all.

Reader! This is more than medicine talk. It is humanity to enlighten sufferers about this.

The most virulent skin diseases are conquered—every time—in all cases—without any exception—all cleared away in a few weeks—by the brilliantly clever new skin prescription, "D. D. D." Its work is hardly equalled by any other wonders of modern medical practice.

We guarantee this to be true

GEO. E. KING President.

PEOPLE'S DRUG CO., Main and Milwaukee Sts.

GEO. E. KING & CO., Jackson and Milwaukee Sts.

Enough has been proven to us regarding the above case and hundreds of others—to demonstrate beyond all question whatever that any of the known forms of skin disease—any eruption or breaking out—must quickly give way and disappear under the influence of this prescription (known as "D. D. D.").

Cases of Eczema, Salt Rheum, Ring Worm, Psoriasis, Barber's Itch, Acne, etc., some of twenty years' standing have been cleared off and permanently cured in a few weeks. In several cases from one to three years have elapsed and there has been no returning sign of the disease. Hundreds of cases cured since the preparation has been placed on sale show no sign at all of the previous affliction, and we fully believe they are permanent cures.

(Signed) GEO. E. KING

Have you been—or do you know anyone, who has been—in a living hell of torture with a skin disease? Dispair usually seizes those so afflicted. Many imagine it is in the blood and too subtle to cure. Doctors have stood baffled and helpless against Eczema. Half of them think its worse forms are blood poison. Ninety-nine cases out of a hundred of manifestations on the skin are purely local—SKIN disease—not BLOOD disease. Healthy blooded people break out as often as any one, the blood has nothing to do with it in most cases. It is a parasite in the skin that spreads. This prescription is today completely clearing away—quickly too—and permanently curing every trace of such parasitic trouble and leaves the skin soft, healthy and perfect. Call on the above druggists and investigate the unquestionable proofs in their possession.

The prescription is sold in above drug store at \$1.00 for a liberal bottle, and comes under authentic label of the D. D. D. Company of Chicago, who solely compound the prescription for druggists everywhere.

PRETTY WEDDING OCCURS TONIGHT

Miss Carrie Jones and Arlin E. Magee
Will be Married at Six
O'clock.

This evening at six o'clock the ceremony will be performed which will unite in marriage Miss Carrie Jones and Arlin E. Magee, both well known residents of this city. The marriage is to take place at their new home, 118 Madison street, and will be witnessed by a company of about twenty relatives and close intimate friends.

Rev. J. T. Henderson, pastor of the Presbyterian church, is the officiating clergyman before whom the marriage vows are to be exchanged. The wedding is to be a strictly informal and quiet home affair and there will be no wedding march and no bridal attendants. Miss Jones will be gowned in her traveling suit of gray cloth. The house is beautifully, but simply decorated with great potted palms and large bouquets of white chrysanthemums. The dining room is in brilliant autumn foliage and deep red roses. Mrs. Harry Putnam is the caterer in charge of the elegant wedding supper which will follow the ceremony and congratulations.

Both the bride and groom have many friends in this city who will wish them every happiness and prosperity. The bride has resided here for several years, making her home with Mr. and Mrs. G. H. Rumrill. She is a gracious woman of charming personality. Mr. Magee is one of the prominent and highly esteemed business men of the city, being engaged with his brother in the tobacco business.

Mr. Magee and his bride will leave on the 7:15 train this evening for Chicago and after a trip in the south they will go to housekeeping in their handsomely furnished home on Madison street.

MAY NOT SUBMIT THE AMENDMENTS

Proposed Constitutional Changes Are
Said To Be Invalidated, and
May Not Be Offered.

Owing to errors in their titles, the two amendments to the constitution of the state of Wisconsin which were to have been submitted to the people at the coming election are said to have been invalidated. The opinion has been expressed by lawyers that the amendments cannot be properly submitted to vote and that it is now impossible to correct the errors. The two amendments which have been affected are known as joint resolution No. 8, having for its intention an increase in the membership of the supreme court from five to seven justices, and resolution No. 11, which had for its intention the increasing of the term for which municipal indebtedness can be created from twenty to fifty years.

The joint resolution in regard to the supreme court is declared in its title to be an amendment to section 1 of article VII of the constitution and this section is in regard to the impeachment of judges and has nothing to do with their terms.

The amendment in regard to the bond issue in its title provides that it is an amendment to section 3 of article II of the constitution and this article is in no way refers to municipal corporations, but is in regard to defining the boundaries of the state and accepts the enabling act.

It was said yesterday that the secretary of state's office had admitted that the errors existed and the errors had crept in in the carelessness in enrolling the measures after they passed the legislature. Attorneys in the city yesterday said that there was no doubt that the resolutions had been mutilated beyond repair and that there were illegal.

The games were accompanied by a rare spirit of genial sociability and merriment and the ladies had a very

AN ORDINANCE relating to the maintenance of rates and the keeping of a watchman at the railroad crossing of High street, in the city of Janesville, and amending an ordinance, entitled, "An ordinance requiring certain railway companies to construct, maintain and operate gates at certain street crossings," approved June 2nd, 1891, is hereby enacted by the city of Janesville, this 15th day of October, 1902, at the High street crossing.

The Mayor and Common Council of the city of Janesville, do ordain as follows: Section 1. Section one of an ordinance entitled "An ordinance requiring certain railway companies to construct, maintain and operate gates at certain street crossings," approved June 2nd, 1891, is hereby amended by striking out of said section the words "At the High street crossing."

Section 2. The Chicago, Milwaukee and St. Paul railway Company and the Chicago and Northwestern Railway Company are hereby required to place and keep, at the place where the tracks of said railway companies cross High street, in said city of Janesville, a flagman, at all times between the hours of six o'clock in the forenoon to ten o'clock in the afternoon, and by its flagman seasonably warn all persons about to cross said tracks, of danger from approaching or passing engines or cars.

Section 3. If said railway companies shall fail to comply with any of the requirements of this ordinance they shall pay to the city of Janesville, the sum of fifty dollars for each failure or neglect of duty, on any day that they shall fail to place and keep a flagman at said street crossing.

Section 4. All ordinances and parts of ordinances in conflict with this ordinance are, to the extent that they are in conflict with this ordinance, hereby repealed.

Section 5. This ordinance shall take effect and be in force from and after its passage and publication, which publication shall be for three successive days.

Passed October 15th, A. D. 1902. Approved: J. F. HUTCHINSON, Acting Mayor.

MEET OF AMERICANISTS.

Archaeology and Ethnology of New World to Be Discussed.

When the International congress of Americanists meets in New York city next October, it will be the first time that body has ever assembled in the United States.

Last fall a commission of organization, of which Morris K. Jesup was made president, issued a call to Americanists, stating that at the twelfth meeting of the congress, held at Paris in 1900, New York city had been chosen for the thirteenth meet. The

MORRIS K. JESUP.

meetings will begin Oct. 20 at the Museum of Natural History and continue through the week.

The subjects to be discussed at the thirteenth congress are divided into two sections: (1) "The Native Races of America: Their Origin, Distribution, History, Physical Characteristics, Languages, Inventions, Customs and Religions," and (2) "The History of the Early Contact Between America and the Old World."

The second section will be the stamping ground for those who bridge the Atlantic with a continent now obliterated from the maps and find the original home of the forefathers of Egyptians as well as Aztecs on the bottom of the sea. It will also be the section for those who are occupied in finding the origin of the American copper skins and Chinese or Japanese.

The expeditions sent out by the Messrs. Hyde, which have already supplied the Museum of Natural History with large quantities of material concerning prehistoric man in America, will doubtless report, and those also which Mr. Jesup has sent to the northwest coast of America and the northeast coast of Asia.

All persons interested in the study of the archaeology, ethnology and early history of the two Americas may become members of the International congress of Americanists by signifying their wish to M. H. Saville, the general secretary of the commission on organization, at the Natural History Museum, New York city.

For those who wish to speak before the congress or merely have an article or essay printed in the proceedings it is required that the titles and an abstract of what they intend to say or publish be forwarded to the general secretary before the congress meets.

The indications are that there will be no lack of interesting matter brought before the thirteenth congress of Americanists.

FAREWELL PARTY FOR MRS. M'GUIRE

Woman's Relief Corps Gave Her a
Pleasant Surprise at Close
of Meeting.

Members of W. H. Sargent Woman's Relief Corps No. 21, held a surprise farewell party yesterday afternoon in honor of Mrs. P. A. McGuire, who is to leave on the 25th of this month with her husband and son for their future home in California.

Yesterday was the regular meeting day for the Corps and after the adjournment of the business session had been taken, lunch baskets were brought from hidden places and Mrs. McGuire was immediately informed of the fact that she was the guest of honor. Her husband, son and mother, Mrs. Church, had also been invited by the ladies to be present and they joined the company after the meeting was over.

Gifts Presented.
An elegant picnic supper was served and Mrs. Dunwiddie, president of the Corps, made the excellent presentation speech with which Mrs. McGuire was made the owner of two handsome Janesville souvenir spoons, the gift of W. H. Sargent Corps. Mrs. McGuire was so overcome by emotion that she was scarcely able to respond but she recovered her composure and her feeling response of gratitude, with its references to the coming parting, brought tears to the eyes of all those present.

An Esteemed Member.
Mrs. McGuire has been one of the most valued members of the W. H. Sargent W. R. C. ever since its organization. She has served it efficiently in several official capacities and no woman in its membership has more sincere friends. Her departure from the city is a matter of personal regret to a large circle of friends and their best wishes will go with her to her new home. Mr. and Mrs. McGuire and son Ralph will go directly to Los Angeles where they will spend a few days before proceeding to their ultimate destination, San Diego.
